july 15, 1976

ALTHOUGH THE WATER rationing program went into phase zero (no restrictions) Wednesday, Woody Mark created this image of a full flowing sprinkler in honor of the water shortage.

Sanitary district prepares for limitation hearing

At its regular monthly meeting Monday night, the Carmel Sanitary District made preparations for its upcoming public hearing on possible sewer hookup limitations, and continued until after the hearing a proposed new annexation.

Although two long-standing obligations — for the Barnyard and Arroyo Carmel No. 2 at the mouth of Carmel Valley — were agreed to at Monday night's meeting, annexation of the Carmel River Inn property was put off with an eye toward the July 19 hearing, to be held in Carmel City Hall Chambers at 7:30 p.m.

The hearing, which the board expects to draw a large crowd, has been set up because of recent evidence that the district plant has almost reached its capacity. Fears have been expressed that future loads, especially during high tourist weekends, will result in poor treatment of wastewater and prolong odor problems.

District engineer David Kennedy was instructed to get together with district manager Max Drewien and

attorney Don Freeman for the purpose of producing a staff recommendation on the subject of limitation.

Kennedy suggested that he plans to recommend, not a total prohibition of future hookups, but some kind of program that will guide the district up to the time expansion of its solid waste train can be improved.

Kennedy also presented the district with a five-page fact sheet to be used as background for the public hearing. Copies of the sheet will be available either at district headquarters in the Carmel Rancho Shopping Center or in Carmel City Hall.

A recent delegation to the Environmental Protection Agency reported to the board that they were now somewhat more hopeful about receiving approval soon for plant expansion. Board members Charlotte Hurst and Jim Pruitt reported that the current time schedule estimates the district's proposed digester may be completed by June 1978.

But a new clarifier is

required before the plant's capacity is actually expanded, and the request for approval of that addition still appears to be up in the air.

When authorizing the acceptance of grant contracts for the areawide facilities plan (\$21,437 in state funds and \$128,620 in federal funds), board members Ted Weller and Jim Pruitt once again brought up their objection to the state's Area of Special Biological Significance designation of Carmel Bay. The ASBS order requires the expensive areawide facilities plan and will probably at least severely limit district discharge into Carmel Bay.

"I don't think we need to go this route," Weller told the board. "But we do need the digester."

Pruitt brought up the tabled motion he and Weller had presented last winter to sue the state to show cause for their ASBS order, but Weller and Pruitt were outvoted three to two on the matter of the areawide facilities plan.

The board also briefly discussed the oceanographic portion of the areawide facilities plan, estimated to cost an additional \$400,000.

In other matters, the board adopted its budget for the 1976-77 fiscal year, with the addition of \$10,000 for extra sludge hauling made

necessary by the fact that the district's proposed digester has not yet been added.

The budget for the district to be raised by taxes this year is \$312,000, meaning a tax rate of slightly over \$.24. Total expenditures will amount to \$1,536,000, of which \$1,234,000 will be provided by other revenues. The district currently has a \$1,750,000 reserve for expansion and improvement.

Salary rates for district employees were raised seven per cent, as a cost of living increase, plus merit increases.

The district authorized the signing of an agreement for legal services which names

Freeman district counsel and Shelburn Robison and Eben Whittlesey as special legal counsel.

The board also voted to present Robison and Whittlesey with certificates of appreciation, probably at a special luncheon.

During a short, but heated, discussion punctuating the end of the meeting, the board voted to require hold-harmless agreements from any contractor or other agency using district effluent.

The action resulted from fear of legal repercussions stemming from the use of effluent for watering landscape trees in Carmel.

Construction starts at hospital

Work has started on construction of a new diagnostic center at Community Hospital.

The remodeling project is to house the hospital's \$550,000 EMI whole body computerized axial tomographic scanning system as well as cardiology, electroencephalogram, nuclear medicine, respiratory therapy and ultra sound equipment.

The body scanner, which will provide doctors a unique way of more clearly seeing inside the head or body to diagnose disease and injury, will arrive at the hospital next month and will be operational by the end of the year.

Meantime, Monterey Peninsula American Legion Post No. 41 has contributed \$3,000 to the Scanner Fund, bringing the total contributed by more than 2,500 donors in the past eight months to \$415,000.

Robert F. Talbott, treasurer of the hospital's board of trustees, in accepting the \$3,000 check from Post Commander Joe Butlin and Finance Officer Jack Brennon, said the gift brought the hospital to

within \$135,000 of its goal for the scanner.

The new diagnostic center will occupy a former large

storage area on the garden floor of the hospital.

WALTER D. SCOTT, of Carmel Valley, secretary of the board of trustees of Community Hospital, thanks Elizabeth Howard, president of the Soroptimist Club of the Monterey Peninsula, for the club's \$2,000 gift for the scanner fund.

from our readers' point of view

Dear Editor:

Mrs. Miller (Jannie) and I wish to express our sincere thanks to you and your staff for the photographs and generous publicity in this week's *Outlook* which arrived today.

We also wish to extend, publicly, our deep appreciation to the members of the Carmel Valley Chamber of Commerce who sponsored the beautification program and particularly to our Chamber President, Lee Mink, and Beautification Committee Chairman, Randy Randazzo of the Carmel Valley Market.

Mrs. Miller and I both love the beauty and quiet of Carmel Valley and although we have lived here less than six months, we already feel "at home". The greatest contribution to this feeling is the warmth and friendliness of the people we have met; particularly the officers and members of the Carmel Valley Chamber of Commerce who warmly welcomed us in to the community.

Again, on behalf of Canary Cottages, Jannie and I wish to thank you all.

J. E. (Jim) Miller

NEW ARRIVALS

Mr. and Mrs. John Prejean of Jamesburg welcomed the arrival of a baby girl, Michelle Lorraine on June 28.

Mr. and Mrs. Steven Nelson have a baby boy, Brett Steven, born June 27.

Mr. and Mrs. Erasimo Brennan-Belleci have a baby daughter, Molly Ann, born June 29.

Mr. and Mrs. Richard Marshall have a new baby daughter, Joella Vana, born July 5.

TOCCHET

Dr. Paul E. Tocchet is moving his offices from 10 Del Fino Place to 14 Ford Road effective July 21. Dr. Tocchet has also announced the association of Dr. Martin H. Chester with his family practice. Dr. Tocchet has been a Valley resident for the past seven years. His new office will be directly across from the Community Center.

PARENTS ANONYMOUS

A weekly meeting every Monday for "parents who lose their cool with their children", described as a parent self-help group. For information call 373-4773.

KNIGHT

Dr. Charlie M. Knight, director of special projects and early childhood education for the Monterey Peninsula Unified School District, has officially joined the board of directors of the Association of California School Administrators (ACSA). Dr. Knight starts a three-year term on the board of the 11,000-member association representing school administrators throughout California. A Carmel resident, Dr. Knight started teaching in her native Georgia in 1953. Since coming to California she has worked on a number of programs for the State Department of Education, has provided technical assistance to the federally-sponsored Right to Read program, and has worked in with children's centers, preschool classes and Early Childhood Education. She has been appointed to the Equal Educational Opportunities Commission by the State Board of Education and is serving on the State Department of Education's reading task force.

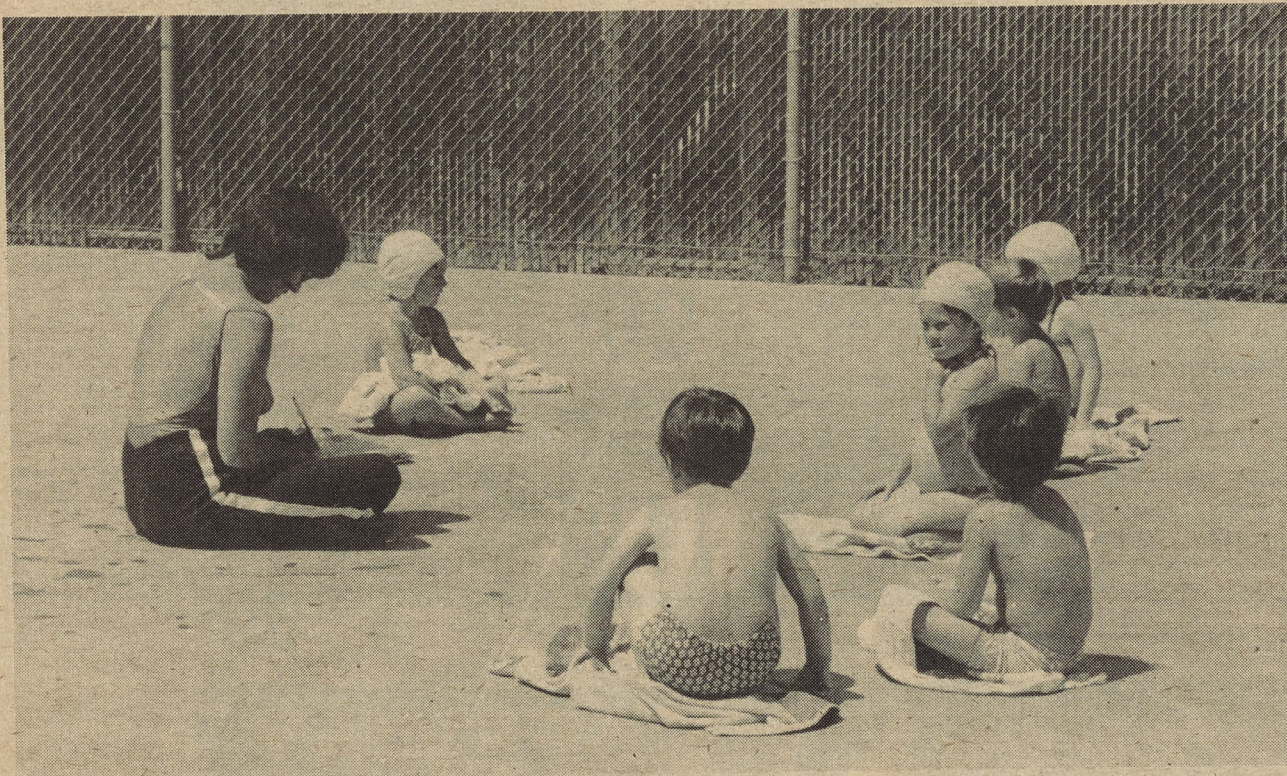

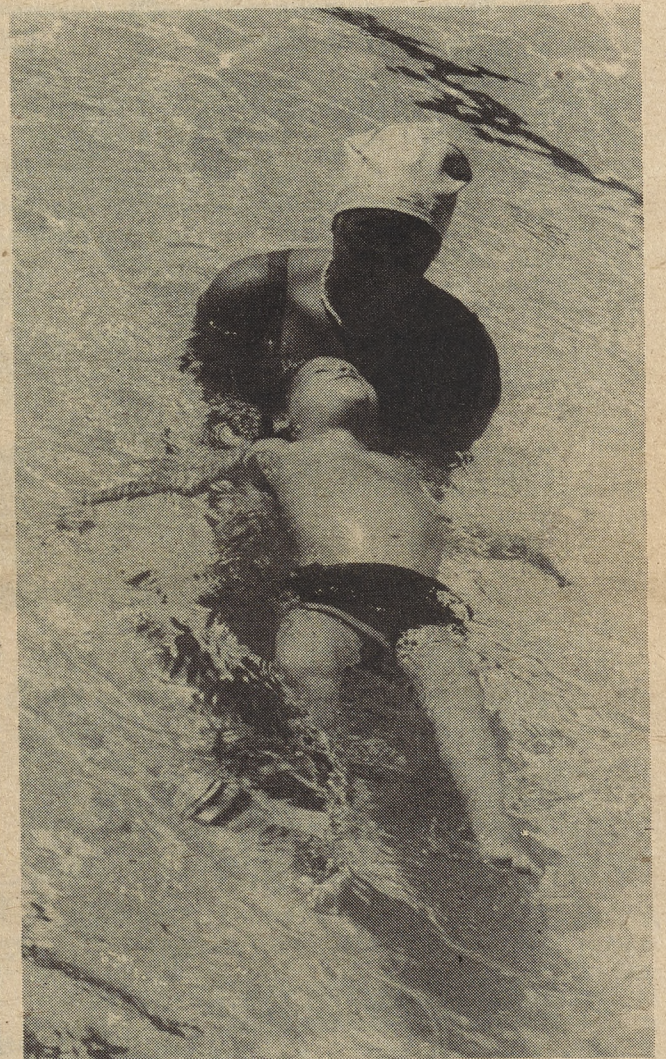

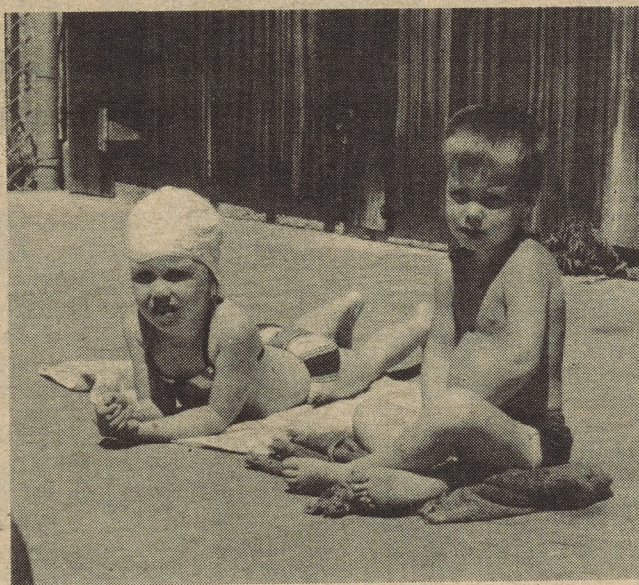

SIERRA CLUB OUTINGS

Molera State Park: This is a moderate to strenuous 8-mile hike. Bring suitable shoes, food, water and meet at Brinton's at 8 a.m. 375-3065. **Vicente Flats:** Bring lunch and water for this moderate hike on Sunday, July 18. Meet at 8 a.m. behind Brinton's with \$3 carpool money.

Polywogs swim

Irene Gaasch photographed these industrious students at the Community Center last week during one of the polywog swimming classes.

under the oaks and among the cacti

by mildred hattan

Florida — at last!

River Road resident Carl Naslund and Florence, his bride of 25 years, have just returned from Florida, an early celebration of their 25th wedding anniversary next month. The visit to the land of mangroves was the fulfillment of a "campaign promise" made during their courting days. Carl, who had lived in Miami, led the grand tour from wading in the Atlantic to viewing turtle Kraals and sampling conch chowder in Key West.

Enroute east, the couple visited Washington, D.C. where at the White House, Florence commented, "I appreciated the tight security, but was grieved at its necessity."

George McGovern was speaking when they visited the Senate Chamber; they went to Arlington Cemetery; the memorials of Robert and John Kennedy; Lincoln Memorial; George Washington monument; and admired the ultra-modern chandeliers and metal sculpture at Kennedy Center. Their choice of the Bicentennial year to visit Washington was an exciting one and they were surprised at how quickly and efficiently the crowds were moved through the points of interest.

Their favorite spot was Mt. Vernon where the bowling green, verandas and mansion glimpsed the past exactly as they had imagined it.

Via Amtrak they next went to Raleigh, North Carolina for the golden wedding anniversary of friends who were also marking the 52nd anniversary of his ordination as a minister. It was a special reunion since Florence had served as matron of honor in their wedding party 50 years ago. They toured Raleigh, currently undergoing the pangs of malls under construction, progress of urban renewal, and visited the old Greek revival style capitol building completed in 1840 and then the recently completed capitol building.

Norwegian's farewell

Eva Ljosand, the exchange student from Norway who made her home with the Kirk Hiaasens while attending Carmel High School was the guest of honor at a farewell party at St. Phillip's Lutheran Church. Following the potluck dinner, Eva showed slides of her homeland.

In charge of arrangements for the family fun night were Southbank Road residents, Marilyn and John Long and their children, Diane and David.

Lyceum concert

The public is invited to a concert played by young musicians when the Lyceum-Carmel Bach Festival Summer Instrumental Workshop presents its 11th annual demonstration at 3:30 p.m., July 15, at All Saints' Church in Carmel.

These young musicians are selected on the basis of auditions held last Spring. Their three week program included orchestral and ensemble playing, group and private instruction, listening perception, introduction to music theory and music history, and visits to rehearsals of the Carmel Bach Festival.

This program is administered by the Lyceum Music Committee, consisting of Laurel Drive resident, Mrs. Paul Rembert, chairman; Mrs. George Sackman, assistant chairman and treasurer who resides on Poppy Road; Mrs. Ronald Weitzman of Monterey who heads the instrumental workshop; Mrs. Liston Noble of Carmel and Mrs. Craig Comstock of Pebble Beach, "choral mothers"; and Mrs. Robert Spiegl of Carmel who is in charge of housing.

The Summer Music Workshops are supported by the Bing Crosby Youth Fund, Monterey Jazz Festival, the Packard Foundation, 39 Craftsmen of Monterey County, Monterey Peninsula Volunteer Services, Valley Guild of Salinas and the Kiwanis Club of Carmel Valley.

Catalina tour

Fireworks from the Queen Mary were viewed in the comfort of their Queen's Bay Hilton quarters by Valleyite Vera Stokes and the 17 other tour members whose holiday destination was Catalina Island.

The tour, which began in Carmel, lunched enroute south at San Simeon and spent the first night at San Luis Obispo, where Vera was delighted to find that the lady who had been assigned as her roommate was Mrs. Winifred Goff of Monterey. They had not seen each other since they were classmates in 1910.

Their stay in Long Beach coincided with the opening of the beautiful new civic center. Modern shops form the perimeter of the central building of offices and numerous outdoor stages circle the shops where continuous entertainment was scheduled for the opening.

The one hour and 45 minute boat trip to Catalina was followed by a bus tour of Avalon where they spent two nights. Highlights of their stay included a visit to the former Wrigley mansion which is to become a museum; the mountain ranch where they raise palominos and buffalos; and the room filled with trophies awarded Wrigley's prize stock.

Enroute home they visited the Danish community of Solvang.

Valley swimmers compete for MBSC

Tierra Grande resident, Charlotte Garrett of the Monterey Bay Swim Club will be competing this week-end in the Wilcox Aquatic Club "B" Meet in San Jose. Recent results of Valley members of the club at the Marlin Open Long Course held at Hartnell College are:

Bill McCreery, two team records in the 50 Back and 100 Back in 11-12 Boys.

Kira Garrett, NINE team records in the 50 Back, 100 Back, 50 Free, 100 Free, 50 Fly, 100 Fly, 50 Breast, 100 Breast, 200 I.M. Two "A" times in the 100 Back, 1:26.22, and 200 Free, 2:40.3; one "AA" time in 50 Free, 32.0, in 11-12 Girls.

Cindy Frost made three lifetime bests in the 100 and 200 Breast and 200 I.M. in the 13-14 Girls.

Ann McCreery made six lifetime bests in the 50 and 100

Free, 50 and 100 Back, 50 and 100 Breast in the 11-12 Girls.

Gail Frost made three lifetime bests in the 100 Free, 100 Back and 200 I.M. in 15-18 Girls.

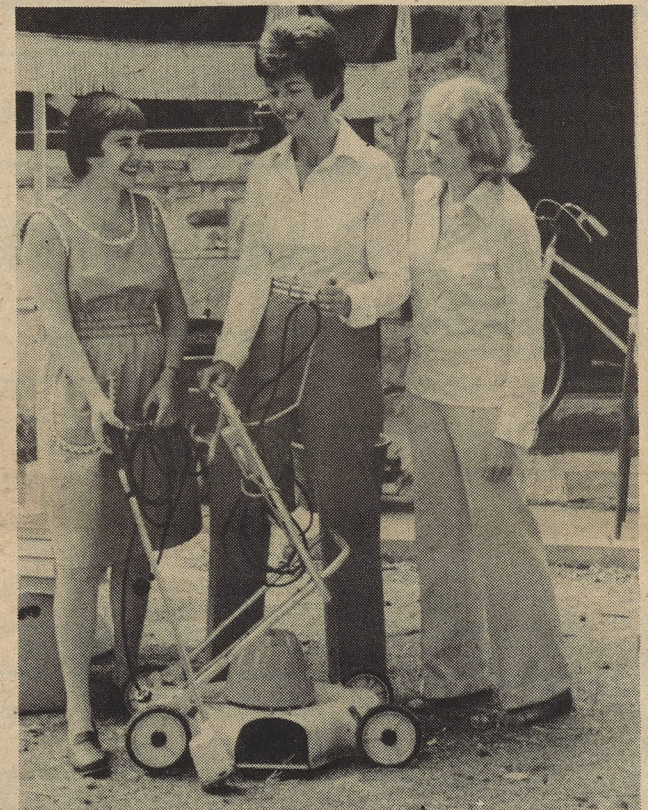

Melody Tate made four lifetime bests in 100 Free, 100 Back, 200 Back, 200 Breast, and 200 I.M. in the 15-18 Girls.

AFS rummage sale

The Carmel Chapter of American Field Services will benefit from proceeds of a rummage sale to be held on Saturday, July 17, 10-3 at Carmel Woods School, Dolores and 1st, Carmel.

Mrs. Gordon Clemens and Mrs. William Sanford are co-chairmen of the event and announce donations will be welcome before and during the sale. Furniture, clothing, household items, plants, anything saleable will be accepted. For pickup, please phone 624-3387.

Continued on page 10

PRICING MERCHANDISE for the American Friends Service rummage sale are (left to right) Mrs. Will Sanford, Mrs. Kirk Hiaasen and Mrs. Gordon Clemmens. The Sanfords and the Clemmens are serving as co-chairmen for the event which is scheduled for July 17. It will be held from 10 a.m. until 3 p.m. in the multi-purpose room of Woods Elementary School.

There's a new horseshoe on the market which is going to modernize the ancient craft of horseshoeing like indoor plumbing has modernized houses. You're going to wonder how we've gotten along without it.

Last week we discussed the problems of steel horseshoes, contracted heels, and EZ BOOTS which sound like a great idea but don't work all that well.

Barefoot is best for horses; shoes are a necessary evil. Steel shoes are evil because they don't allow the hoof to flex at each step. They're heavy and can affect the horse's gait and cause leg problems. They're tricky to fit and poor fits are common. They also have to be reset as the hoof grows or the horse will grow contracted heels.

Now, the Century Rubber Company of Canoga Park, CA. has introduced urethane horseshoes which eliminate most of the traditional horseshoeing problems.

The horseshoe is made from a patented material similar to that used for skateboard wheels. It wears terrifically well — better than steel, claims the manufacturer. Furthermore, it's got grip where steel shoes are slippery. It's got grip for pavements, turf, barn floors, roads and rocks. It cushions the horse's foot against the shock of hard ground. It cushions the hoof with just the right amount of "give"... like hoof material itself. The hoof contacts the ground heel first (that's normal) and the plastic horseshoe squashes just enough to put the frog of the hoof in contact with the ground. Frog contact is what provides the pumping action to circulate blood in a horse's long legs. Then the hoof dwells on the ground and breaks over correctly — steel shoes tend to "stick" when new and break over too swiftly when worn down. These "faulty" gaits are a major cause of leg problems.

Like the hoof itself, the urethane horseshoe can expand laterally. Instead of freezing the hoof into a constricted ring of steel, the hoof can expand as the horse puts its weight on and con-

tract as the hoof moves through the air. Expand and contract at each step... the horse can again have normal hoof action... an important shock absorber for those fragile legs.

Because the horseshoe goes with the hoof at each step, it can also "grow" with the hoof to a certain extent. No more contracted heels brought on by leaving shoes 10 weeks between resets instead of six. Can't reach the horseshoer? Never fret, Century Expan-shoe will see you through.

Think of it! No more contracted heels. No more bar shoes, no more enforced layoffs to go barefoot while the hoof recovers, no more horses standing around on hurting feet because their owners or their shoers don't do right by them.

Century Expan-shoe is not just another rubber horse shoe. Rubber horseshoes have been bad news — ask any shoer. They were strictly for special purposes such as unsoundness or parade horses. Rubber horseshoes didn't hold nails well. The nails pulled right through. Century Expan-shoe has one-eighth inch thick aluminum plates in each branch. Nails don't pull through. The horseshoe takes an ordinary No 5 City Head horseshoe nail — the

most common kind. The nails are countersunk with a tap... heads don't wear off.

Rubber horseshoes were heavy. Even the lightest steel shoe weighs 10 ounces. The urethane-aluminum shoe weighs only two ounces. This fact is bound to be of interest to speed and action people: gymkhana, racing, roping, jumpers, dressage.

Rubber horseshoes had to be a closed shape like a bar shoe or a pad or they would squash right out of shape. The urethane horseshoe is a regular horseshoe shape — it comes in standard sizes, in a front foot (round) style or a hind foot (oval) style. Rubber horseshoes had a bad reputation for peeling back at the toe causing scuffs and letting in gravel.

If you're looking for something completely different in the way of a weekday night on the town and enjoy the sounds of folk like Benny Goodman and Artie Shaw, then head over to the Highway Robbery in the Carmel Center for their "Big Band Disco."

Yes, that's affable Gordon Bloyer — the former manager of the Shutters — complete with his own jazz collection of records and tapes. And just to keep things interesting, there's an occasional trivia quiz in which the winner receives a free cocktail. (Did you know that the Green Hornet was the grand nephew of the Long Ranger?)

In addition, there will be occasional splices of radio shows such as Burns and Allen and The Shadow. "We're giving this a try because we found that when our piano bar talent would take a break, a lot of folks would get up and dance to the big band music in the jukebox. So we thought we'd go the way the public was going," said Bloyer. If things work out, the Robbery folk will be putting in a small dance floor also so

that you and your friend can dance to Tommy Dorsey.

The piano bar hasn't been abandoned totally. The piano is still there during weekday evenings should a real pro walk in and want to fiddle with the keys. And Serena Underwood will be playing at the piano bar on Friday and Saturday nights. I hope the Robbery management has the musical feeling to keep Serena around. Big band disco is certainly a novel idea but true artists like Serena give any nightspot that much sought after touch of class.

Jimmy Lyons and company are busy at work on the schedule for the 19th annual Monterey Jazz Festival to be held Sept. 17-19. The latest word from festival headquarters is that James Cotton, Jimmy Witherspoon, Johnny Shines and Joe "Willie" Wilkins will be headlining the Saturday afternoon blues gig.

Cotton's appearance is a reprise from his '74 visit to the festival while Shines and Wilkins are making their premiere performances in Monterey.

More word soon on that blockbuster signing for closing night. Place your bets on Weather Report or Return to Forever.

Jazz vocalist Len Dixon has added conga player Robert Baker to his entourage at the Captain's Cove on Cannery Row. Dixon already had the most unique sound on the Peninsula when he signed on the Brothers Barr (Bob and Woody) to back him in a jazz setting that has the ease of a George Benson arrangement.

And Baker's addition has given the group that final touch that separates Len from the usual jazz lounge act. Roberts has been playing the congas, timbalas and other percussion instruments of that ilk for about nine years. If you're a jazz buff, you've probably caught him jamming at many past jazz bookings. He originally played a weekend with Len at a Fort Ord job and when Dixon went five nights (Wednesday-Sunday) recently at the Cove, Robert was added.

Any local club owner thinking about jumping on the growing live music bandwagon on the Peninsula should think about hiring Charles and Adrienne McDonnell who, until the recent fire at the Jolly Rogue, were playing there under the name Skybird.

The McDonnells have a smooth rich lounge sound with the emphasis on Charles' Oscar Peterson-like style and Adrienne's sexy, raspish voice. If you have something in mind, drop me a line. These folks shouldn't be out of a gig. They're professionals.

Those of you who enjoy reading about your favorite local celebrities in my column each week will have a chance to hear what they have to say on the radio next week when I sit in for the vacationing Walker on KRML.

The weekday slot is 9 to 1 and the Saturday time is noon to 3. I promise to spice each day's music with some studio interviews of local folk and welcome your calls during the week especially if you have any comments on the column — good or bad. See you on KRML next week.

NELLIE FORBUSH, portrayed by LaVonne Rae Andrews, is the central character of the classic Rodgers and Hammerstein musical "South Pacific". Rich Hughett plays Joe Cable, a marine who shares adventures with Nellie on the enchanted island of Bali Hai. This Cannery Row Dinner Theatre production also stars former Broadway actor Alan Gilbert, who appeared in the original show with Ezio Pinza and Mary Martin. Other leads include Dennis Griffith, Bob Lotz, Chuck Mitchell, Patricia Hymes and Tammy Richardson. Shows run Thursday through Sunday evenings. For reservations call 649-3388.

Fourth of July celebration

The theme was patriotic when friends gathered to celebrate the Fourth at the home of Mrs. Phillip Walker. Four long tables covered with red cloths, centered with red, white and blue flowers, tapers, and laden with delicious food were frequented by guests following afternoon and evening hours in the pool.

Guests at the Bicentennial party included; Dr. and Mrs. Dudley Sanford, Mrs. Nelson Miles Leoni (accompanied by her daughter and son-in-law), Mr. and Mrs. A.E. Nicholson, Mr. and Mrs. Robert Aurner, Mr. and Mrs. Elwood Wilson, Mr. and Mrs. Richard Dick, Mrs. Irwin Johnson, Mrs. Paul Anthony and Mrs. Richard Cooksie.

CHARLOTTE GARRETT will be one of the Carmel Valley swimmers competing for the Monterey Bay Swim Club this weekend in San Jose.

Wed in Los Angeles

Vows exchanged in the First Covenant Church of Los Angeles — where the couple met while the bridegroom was choir director — united in marriage Lidia Violeta Tapia of Pasadena and Robert Allen Beckstrom of Carmel Valley.

The double ring ceremony performed by Rev. Eldon Johnson was written by the bridegroom who also composed most of the music for the occasion including a viola solo

LIDIA AND BOB BECKSTROM following their June wedding in Los Angeles.

played by his sister, Christine, during the wedding prayer. Arrangements of yellow and white carnations graced the altar.

The bride, a native of Bolivia, is the daughter of Mr. and Mrs. Liborio Tapia of Pasadena. She received her AA medical assistant's degree and the John Muir Associate Arts Degree from Pasadena City College. She is presently working toward her registered nurse degree.

The long white bridal gown made by the bride's sister-in-law, Mrs. Joel Tapia was of peau de soie, organza and lace. The bouffant skirt extending into a long train was of multitiered lace trimmed with rhinestones and pearls. Her illusion veil was trimmed with lace and she carried a bouquet of yellow roses.

The maid of honor and sister of the bride, Gecenia Topia, wore a lime green, long haltar-style gown with a chiffon cape. The three bridesmaids included, Holly Beckstrom, sister of the bridegroom. They wore gowns of identical pale yellow background design with a green and apricot print.

Mr. and Mrs. Robert A. Beckstrom of Country Club Drive are parents of the bridegroom who attended Valley schools and graduated from Carmel High School where he served as drum major and was active in the drama department. Bob received his B.A. degree at the University of California in Los Angeles in 1975 and is presently in the master's program at UCLA.

Dark green velvet jackets and ruffled shirts were worn by the bridegroom and his best man, John Valentino of Los Angeles.

The ushers, attired in yellow jackets, were a former Valleyite, Paul Hariri, who now lives in Pasadena; Paul Bresk of Carmel Valley; and Franklin and George Topia, brothers of the bride.

Following the wedding, a dinner party for members of the wedding party and their families was hosted at the Northridge home of Dr. and Mrs. Lewis Flores.

Grand Canyon was the honeymoon destination of the young couple who will make their home in Glendale.

Mr. and Mrs. Beckstrom went south for their son's wedding and entertained the wedding party and families with a rehearsal dinner at Bob Burn's restaurant in Los Angeles. Among the local guests sharing the happy occasion were the bridegroom's aunt and uncle, Mr. and Mrs. Harold Fly and long time friends, Mr. and Mrs. Frank Bresk.

Cypress returns from Houston

The Cypress Swim Club returned from Houston, TX where it fielded the largest entry in the 12-year history of the award-winning Peninsula-based synchronized swimming club in the 1976 Senior National AAU Outdoor Synchronized Swimming Championships.

In the Team competition, with 46 entries from 39 clubs across the country, the Cypress 'A' Team swam its way into the top 10 in the semifinal routine event, winning ninth place over the Walnut Creek Aquanauts' 'B' Team and closing the gap between eighth place Town of Tonawanda (N.Y.) Aquettes to within .554 of a point. The Cypress 'A' Team consists of Kathryn Blevens, Gerri Brandly, Allyson Braud, Anne-Maree Cantwell, Robin Currier, Maureen Dentch, Pavia Wald and Tina Wald.

The Cypress 'B' Team, swimming in the preliminary routine competition, from which only the top 10 move into the semifinals to compete against the top seeded 12 teams from previous championships, placed 19th in their first National AAU exposure. The Cypress 'B'

Team members are Kris Ege, Mary Harris, Suzy Hermanson, Stacey Hicks, Eunice LaMica, Robin Pease, Laura Steinmetz and Kerry Wald.

In Duet competition, the Cypress duet of Kathryn Blevens and Robin Currier also made the top 10, placing 10th over a total of 93 entries in this event. Gerri Brandly and Tina Wald placed 17th in

semifinals.

In Solos, Gerri Brandly won 11th place, edged by Michele Beaulieu of the Santa Clara Aquamaids, while Kathryn Blevens placed 19th out of a total of 122 contestants in the Solo competition.

In the preliminary Figures competition for 178 unseeded competitors, Cypress entries placed as follows: Currier,

55th; Braud, 61st; T. Wald, 99th; Cantwell, 147th; and P. Wald, 149th.

Of the total of 266 competitors in Figures competition, Cypress placements in the final Figures competition were: Brandly, 12th; Blevens, 19th; Dentch, 49th; Braud, 60th; Currier, 74th; T. Wald, 76th; P. Wald, 84th; Cantwell, 85th; and Team alternates, Hermanson,

86th; and Harris, 87th.

Cypress swimmers Kathryn Blevens and Gerri Brandly, because of their placement in all events in both the Indoor and Outdoor Championships this year, are automatically eligible for selection to the All-American Synchronized Swimming Team for 1976.

The Santa Clara Aquamaids once again dominated the championship, winning the top three places in both Solo and

Duet, plus first and seventh in Team competition. In addition to the 39 participating high school clubs, there were also entries from Canada, Great Britain, and Mexico.

The next major competition for the Cypress Swim Club will come in the last week of August, when the 'A' Team will travel to Hilo, HI to defend their high point team title in the Far Western AAU Championships there.

Sources of Energy—No. 6 of a series

If the Middle East were in the Middle West, electricity would be cheaper.

Just five years ago we burned less than 1½ million barrels of oil a year to generate electricity. That accounted for less than four percent of the power generated in our fossil-fueled power plants. Natural gas was used for fuel 96% of the time. The fuel oil burned then cost about \$2.50 a barrel and most of it came from California fields.

Times have changed. Today we're using more oil than gas because we're running low on gas supplies for this type of use. There isn't enough gas to go around and we have had to curtail use by our own power plants and by industrial customers to maintain supplies to homes and other high priority users.

This year we expect to burn about 38 million barrels of fuel oil. That's about 28 times the oil we burned back in 1971. And California oil contains too much sulfur to be directly burned in our power plants under present clean-air regulations. There isn't enough of it anyway. So we have to use foreign low sulfur oil from OPEC nations or "desulfurized" oil—which costs about \$15 a barrel delivered.

The estimated cost of oil to be burned this year is more than \$500 million compared to less than \$4 million just five years ago.

That's the main reason your electric rates have gone up.

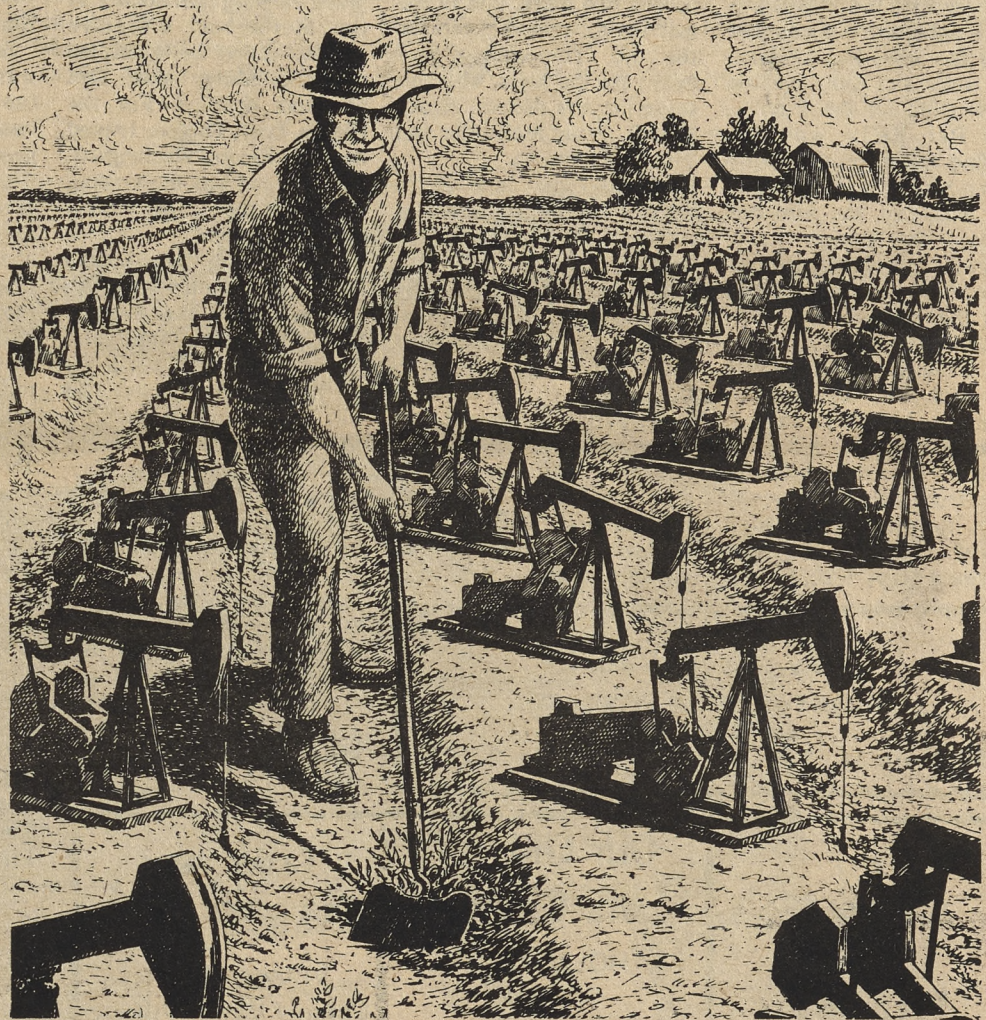

Other sources of energy

Oil and gas are two of the five sources of primary energy PG&E uses for generating electricity. The others are water power (hydroelectric), geothermal steam (from The Geysers) and nuclear fission.

Northern California has one of the most extensive hydro systems in the nation. It produces relatively inexpensive electricity. But nearly all economical and acceptable hydro sites already have been developed.

We have the nation's only geothermal power development, largest in the world, and we are expanding it. However, we estimate it will supply only about 10 percent of our needs by 1985.

These limitations are reasons why our fifth primary source of energy—nuclear—is so important, and why we, like other utility systems here and abroad, have turned to uranium as power plant fuel. When our two

nuclear units at Diablo Canyon go into operation, they can produce electricity for about 40% less than new oil-fired plants, despite higher initial construction costs.

Coal one day may be our sixth source of primary energy. We are in the process of acquiring reserves in Utah.

Wind, solar, garbage, tides, ocean thermal differences, fusion and other developing technologies may someday help us supply your energy. Some may take years to prove out. Others may never become efficient or reliable enough to be competitive. But if and when they are ready, we'll be ready, too. In the meantime, we must meet your demands for electricity.

Facing the problem together

The demand for electricity continues to grow, partly because popu-

lation itself continues to grow. The problem of meeting this growing demand is critical.

For our part, we will continue our urgent efforts to develop all available sources, to find new ways to use energy more efficiently, and to keep you provided with adequate energy and reliable service at the lowest possible cost. For your part, the effective way to help control the spiraling cost of energy, is to use less of it. We encourage you to do so because the energy you use is too precious...and too costly...to waste.

Save energy—
you'll save money, too.

PG&E

Fair entries roll in

Entries are already coming into the Monterey County Fairgrounds office for the 1976 Fair, set for Aug. 31-Sept. 5 in Monterey.

Some 2,000 premium books, listing competition categories which offer a total of \$53,209 in premiums, were mailed out, and more books are available. They can be requested by writing or phoning the Monterey County Fairgrounds (P.O. Box 1151, Monterey, Ca 93940; 372-5863).

First deadline for entries will be Aug. 2, when entry forms for 4-H Club and Future Farmers of America (FFA) feature booths; FFA agriculture, agriculture mechanics, floriculture-horticulture; and 4-H agriculture, home economics, beginning projects, biological sciences, forestry, veterinary science, mechanical science, woodworking and arts and crafts must be in.

Aug. 9 will be the deadlining for all entries in the floriculture exhibit (arrangements, cut flowers, gardens, potted plants), the home arts competition (sewing, knitting and crocheting, baking, canning, preserving and the under-16-years baking and confectionary classes), junior livestock and the organization sponsored feature booth exhibits.

Deadline for entries in agriculture - horticulture (vegetables, fruits, nuts, grains) will be Aug. 22.

Athletics top Senior League

BY ART BLACK JR.

The Carmel Senior League closed its regular season last week and the Carmel Police Athletic Association's "Athletics" carried away the honors with a 13-3 record.

Close on the A's heels were the Rapid Blueprint Giants with an 11-4-1 record and the Carmel Kiwanis Tigers with a 9-7 record for the year. The Carmel Rotary Mets ended up in fourth place at 7-8-1 with Bruno's Market Padres in fifth at 7-9. The Carmel Host Lions finished sixth with a 4-11-1 record and the Carmel Dental Group Dodgers in the cellar at 3-12-1.

On June 22, the Padres overwhelmed the Rotary Mets 12-2 in a game shortened to five innings by the 10-run rule. Pat Kelly picked up the win for the Padres and Jim Stephenson was charged with the loss. Pat O'Hara, Pat Kelly and Kent Iverson all doubled for the Padres, and Pat Kelly was the leading hitter of the game with a 3-4 mark at the plate. The next day, the Athletics downed the Dodgers 13-3, also in a rule-shortened five-inning game. Mark Dodd was the winner, Kip Murchison was tagged with the loss. Bruce Keefer tripled for the Athletics, and Charlie Allaire and Mark Dodd both doubled for the A's. The Dodgers turned in a double play from second baseman Joey Rogers to shortstop David Spear to first baseman Steve Hall.

Yet another 10-run-rule game occurred the next day as the Rapid Blueprint Giants crushed the Host Lions 14-4 behind the pitching of Scott Thigpen. Andy Premier of the Giants tripled and had a perfect outing at the plate, going 3-3.

The same day, at the other field, the Mets handed the Kiwanis Tigers a close defeat, besting them 9 to 8 and winning in the bottom of the last inning. David McKenzie picked up the victory in the squeaker, John Pirotte was the loser. The Tigers scored their eight runs early, two in the first, and three each in the third and fourth. The Mets took an immediate lead with three runs in the first and a singleton in the second stanza, but went scoreless until the fifth when they scored two more, and in the last inning scored three for the win. The offense was heavy for the Mets, who had three players double: Ricky Kashfi, David McKenzie and Tim Sherman.

On Saturday, June 26, in the first game, the Athletics handed the Lions a 7-2 defeat. Mark Dodd was again the winning pitcher, and tripled for the A's, too. Charlie Allaire and Cory Bliesner added doubles to the A's scorecard, and Bill Priestley was the A's leading hitter with 2-4 at the plate. For the Lions, Joe Sturgill and Sinclair Thomson doubled and Thomson was the leading hitter with 2-4. In the second game Saturday,

the Dental Dodgers defeated the Tigers 9-3. Steve Hall was the winning pitcher, John Lucido was tagged with the loss.

In the nitecap, the Rapid Giants defeated the Bruno's Market Padres 5-3 in a regulation seven-inning game. Peter Shepard was the winning pitcher and Kent Iverson the loser. Justin Ward of the Giants tripled and Paul St. Germain doubled. Pat Kelly belted two doubles for the Padres, and was the hot bat for the Padres, going 2-3 at the plate. St. Germain was the leading hitter for the Giants with 2-3.

On Monday, June 28, the Giants and Mets played to a 9-9 tie in six innings. David McKenzie belted a home run in the high-scoring game, doubled and went 3-4 at the plate, earning him honors as the Met's best offensive player. Steve Selle tripled for the Mets, and Tim Sherman doubled. For the Giants, Scott Thigpen tripled as did Kevin Washington. Justin Ward was the leading hitter for the Giants with a .500 (2-4) record.

On Tuesday, the Bruno's Market Padres defeated the Host Lions 11-5. Kent Iverson was the winner and John Harbert the loser. Pat Kelly of the Padres doubled and was the leading hitter with .750 at the plate. The Padres also turned a double play, from Charlie Houghton to Pat O'Hara.

On Wednesday, June 30, the Rapid Blueprint Giants defeated the Dental Dodgers 7-4 in a regulation seven-inning game. Paul St. Germain tripled for the Giants. The Dodgers executed a double play from Steve Prieto to Kip Murchison.

On Thursday, in the first game of a double-header that took both fields, the Padres defeated the Mets 13-10 in a slugfest which saw three triples and three doubles. David McKenzie, Steve Selle, Jim Stephenson and Larry Ryder all got extra base hits for the Mets and Micah Willingham and Mark Robertson slugged extra base hits for the Padres. Pat Kelly was the winning pitcher, Jim Stephenson picked up the defeat. In the second game, played at Carmel Middle School, the Athletics blanked the Tigers 5-0 behind the pitching of Mark Dodd. Cory Bliesner doubled for the A's, Jeff Hogans for the Tigers. The A's completed a double play (Mark Dodd—Mark Nottenkamper—Charlie Allaire) and so did the Tigers (John Pirotte—Gary Childs II — Mike Harney).

Saturday, July 3, there was the usual tripleheader at the Carmel High School baseball field. In the first game, the A's bested the Giants 5-3. Bruce Keefer was credited with the win and Kevin Washington was charged with the loss. Charlie Allaire tripled for the Athletics. In the second game, the Lions were edged by the Mets 6-5. Tim Sherman was the winning pitcher, and he also doubled and was the leading hitter for the Mets, along with Mark Clark, both with records of 2-4. In the nitecap Bruno's Padres blanked the Dental Dodgers 6-0. Charlie Houghton tripled and doubled for the Padres for a 2-4 plate performance. David Spear doubled for the Dodgers.

On Monday, July 5, the Kiwanis Tigers edged the Host Lions 11-10 behind the clutch pitching of John Lucido. Peter Deondes of the Lions tripled and hit an even .500 at the plate, going 2-4. John Hollister, John Herbert and Lucido also hit .500, with Lucido hitting a double. Gary Childs and Mike Harney combined for a Tigers doubleplay.

On Tuesday, July 6, the Athletics barely got by the Rotary Mets 10-9 in a slugfest which featured four extra base hits by the Rotarians. Keith Harper and Steve Selle tripled and losing pitcher David McKenzie hit a double and a triple. Mark Dodd won the decision for the Athletics.

Wednesday, July 7, the Padres defeated the Kiwanis Tigers 11-4 behind the pitching of Kent Iverson. Gary Childs was tagged with his first loss of the season. Micah Willingham of Bruno's Padres was the anchorman in two double plays and hit a triple in a .600 performance at the plate.

On Thursday, the Athletics sewed up the season title by capping the Dental Dodgers 13-2. Mark Dodd was the

winning pitcher and Kip Murchison was tagged with the loss. Dodd tripled for the A's in the 10-run-rule shortened game. Cary Bliesner of the A's doubled.

In the other half of Thursday's doubleheader, the Giants won their last game of the season by out-slugging the Lions in a 16-6 rule-shortened game. Scott Thigpen was the winning pitcher and Tim Martin was charged with the loss. Paul St. Germain of the Giants went 3-3 at the plate and hit a home run. Thigpen and Charles Vout of the Giants tripled and Vout added a double. Justin Ward and Andy Premier of the Giants combined for a double play.

The first game of Saturday's swansong tripleheader saw the Lions and Dodgers

play to an 8-8 tie. David Spear hit 2-3 at the plate. In the second game, the Athletics edged the Padres 3-2. Mark Dodd again was the winning pitcher and Pat Kelly was tagged with the loss. Bill Priestley of the A's was the game's leading hitter with a 2-3 performance. The Kiwanis Tigers scoring in all but the second inning, crunched the Rotary Mets 12-5 behind the pitching of John Lucido, who also tripled twice. Lucido had a perfect game at the plate, going 5-5.

Next Wednesday the first game in a best of three series will be held at Carmel High between the Carmel Senior League All Stars and the San Lorenzo Valley All Stars. The winner will go on to Cupertino for Region IV play the week after.

Senior League All Stars chosen

The 1975 Senior League All Stars have been announced by Mrs. Janet Childs, Senior League Commissioner. They are, in alphabetical order: Charlie Allaire (Athletics), Cory Bliesner (Athletics), Gary Childs II (Tigers), Mark Clark (Mets), Mark Dodd (Athletics), Andy Premier (Giants), Michael Harvey (Tigers), Bruce Keefer (Athletics), Pat Kelly (Padres), John Lucido (Tigers), David McKenzie (Mets), Tim Sherman (Mets), Sina Sotoodeh (Lions), David Spear (Dodgers), Paul St. Germain (Giants), Scott Thigpen (Giants), Sinclair Thomson (Lions), and Micah Willingham (Padres).

Gary Childs, manager of the league-winning Athletics, was chosen All Star manager. Tom Krebs, who assisted Childs with his team this year, was named the official coach of record. Don Hendrickson and Mike Froning, of the Mets and Giants, respectively, were

named as assistant coaches.

The Carmel Senior League All Stars are slated for games against San Lorenzo Valley on Wednesday, July 21 and Thursday, July 22, both at 5:30 p.m., and on Saturday, July 24 at 1 p.m.

They will host the traditional "Old-Timers vs. All Star" game Friday, July 16, at 6 p.m., at the Carmel High School field. Billed as the "Has-beens and Never-weres," the Old-Timers include Gary Childs (Fort Ord, 1957), Tom Krebs, Don Hendrickson, Jim Kelsey (who used to pitch rinky-dinks), Monty Feekees, Kelly Ragan (CHS '77), Frank Lucido Sr., Jerry Artellan, Mike Froning (St. Johns University), Tom Johnson, Ron Meredith at shortstop, and Steve Thigpen, among others. The reasonably impartial umpire will be Dick (DRV SAF) Lawitzke. The Old-Timers game is usually a lot of laughs and a lot of linament (the morning after).

Valley Briefs

WILSON

Bill Wilson of Carmel Valley recently won fourth place honors in the Salinas Valley Fair Carcass contest. His Angus-Herford crossbred steer weighed 955 pounds and yielded 60 per cent. It graded low choice with a 11.8 square inch ribeye and a 1.9 yield grade. Bill received \$17 in prize money.

BOWERS

Coast Guard Cadet John S. Bowers, 20, son of Sampson P. Bowers of Carmel Valley, is participating in "Operation Sail '76" as a crewmember of the Coast Guard Cutter Eagle. The Eagle is the nation's only three masted sail training ship. The ship joined with 15 other of the world's remaining 20 "Tall Ships" (square rigged sailing ships of more than 200 feet in length) for the 4th of July International Naval Review in New York Harbor. Bowers is a 1973 graduate of Cooperstown Central High School, Cooperstown, N. Y. and is a member of the Coast Guard Academy's Class of 1977.

CHILD, MENKE

Lyn Child and Kerry Menke of Carmel Valley have been awarded scholarships by the Community Hospital Auxiliary.

Continued from page 7

The Expan-shoe with its aluminum branches against the horse's hoof and its very light weight stays on and stays snug. No more loose, whoops! lost a shoe, problems.

Yes, the urethane shoe is certainly going to do right by the horse and his owner. But will shoers love it too? You bet! Sure as a shoer's back aches or his wallet is hungry... every farrier is going to love the urethane shoe.

You see, the steel shoe requires another skill of farriers. Not only does he have to be a veterinarian from the knee down, and a skilled horseman, but he also has to be a clever blacksmith. Add brawny to that list. Hot iron is not as much fun as you might think. It burns, it stinks. It's heavy and all its accouterments are heavy: anvils, forges, sacks of unavailable fuel, bellows or airblowers, tongs, hammers and thick wrists. No more for all that. Anyone can shoe!

No more for all that mystique of burning the hoof to fit the shoe. Hotshoeing sears the horn and affects its growth and ability to take in water. Now the horseshoer is freed from having to work hot steel or hammer on cold iron (a sure way to go to hell according to blacksmithing tradition). Trim the foot and nail the shoe immediately. The Expan-shoe comes already flat from the factory — something keg shoes never do. Trailers or heel tucks may be easily hammered on an anvil. After the first nails are set into the

white line just pull the other branch of the flexible shoe over to line up the white line on the other nail holes. Only the front three nail holes need be used for a good shoeing job, but five holes are provided on each side. That's in case the horse has damaged hooves or shelly hooves. Unlike steel shoes in which the nail holes are punched vertically, the holes for heel nails on the Expan-shoe are flared to bring the nails correctly through. Oh, it's fool proof!

No more horses lamed by fool shoers!

The urethane-aluminum horseshoe is more expensive than steel shoes. A steel shoe costs about \$1 at the local hardware store. The plastic shoe retails for \$3. Considering the advantages of grip, flex and up to 70 per cent less concussion, it ought to be worth the price difference to horseowners. Considering the ease in handling, and the fact that a farrier can shoe many more horses per day without beating himself to death and can more safely shoe the rank ones, it ought to be worth the price difference to shoers. Considering the speed with which it goes on, without the heat, the clanging, and the "Whoa there!" it ought to be worth the price difference to the horse too.

Ask your horseshoer for the "Century Expan-shoe." It comes from Century Rubber Company, 8523 Canoga Avenue, Canoga Park, California 91304. They also make custom horse-shoes.

Bach Festival to open at church

The opening session of the 39th annual Bach Festival will be held at Carmel's Methodist Church of the Wayfarer, Seventh at Lincoln, at Sunday morning worship hours of 9:30 and 11:00 a.m., July 18. Admission is free and the public is invited.

Featured will be a rendition of 18th century Moravian music by the Bach Festival Chorale, under the direction of Maestro Sandor Salgo, conductor and music director for the festival. The festival orchestra will also perform, playing numbers by J. S. Bach.

Dr. Paul R. Woudenberg, host pastor and a member of the festival's board of directors states, "Traditionally Bach festivals in Europe usually begin with a church service, and Maestro Salgo has long wanted to do just that here in Carmel, and at last it has come to pass." Hymns by Bach will be sung by the congregation.

Rather than preach a traditional sermon, Dr. Woudenberg will narrate a Bicentennial setting describing in commentary and dialogue how the Bach Festival came to the United States from its original European observance. His message will be titled "Bach Music in Early America."

Salgo will direct the chorale in the singing of early Moravian musical numbers titled "What Splendid Rays of Truth and Grace" and "Deepest Grief" by John Antes and "It is a Precious Thing" by J. J. Peter. Both Antes and Peter were Early American Moravian composers.

According to Woudenberg, the Moravians were a protestant sect of German extraction who, in emigrating to our shores, brought the first understanding of Bach with them, and the Bach Festival of the Moravian Church in

Bethlehem, PA, is the oldest festival group in the country. Also, says Woudenberg, "Bach is closely related to our Bicentennial by the Moravian Church, which, incidentally, had a profound influence on John Wesley, founder of Methodism in

England over two centuries ago. Thus, indirectly, the Methodist Church, through association with the Moravians, is closely related to the spread of the Bach Festival movement across our country since the beginning of the Bicentennial in 1776."

Student concert set

Young musicians participating in the Lyceum-Carmel Bach Festival Music Workshops will be performing Thursday, July 15, at 3:30 p.m., in the Parish Hall of All Saints Episcopal Church in Carmel at Lincoln and 9th streets.

The demonstration of the Instrumental Workshop will be under the baton of Maestro Sandor Salgo. The students have been participating in the annual Lyceum-Bach Festival Summer Workshops which provide three weeks of in-

tensive instruction in both choral and instrumental music.

The Instrumental Workshop, concluding July 16, has been directed by Fidel Sevilla of Reno, NV. The students' instruction time has been divided among sight-reading in large ensembles, small ensemble playing private instrumental and theory instruction, theory classes, and attending the Carmel Bach Festival rehearsals. The students are selected each spring.

Top cowboys enter rodeo

The California Rodeo normally attracts top professional cowboys for its annual four days of action and the 1976 field released from the cowboys' Denver headquarters includes five of the 1975 World Champions and a Hollywood Star turned cowboy.

Topping the field of champions is California's Leo Camarillo the 1975 co-champ in the prized All-Around Cowboy category. The Oakedale native won more than \$50,000 in prize money last season and finished in a dead heat with Oklahoman Tom Ferguson for the top prize in professional rodeo. Camarillo also won the team roping title in '75.

He is just one of the five Camarillo's scheduled to perform in Salinas. The entire family will be testing the stock and track at the July 15-18 rodeo.

Monty Henson of Mesquite, TX, a top tamer of bucking broncs, will be displaying the form which captured the '75 Saddle Bronc Riding title. Henson earned nearly \$30,000 in his specialty last season.

The top bull rider in 1975 will test the Salinas brahmas. Mesquite Texan, Don Gay, will ride the beef during the four afternoon performances.

Jeff Copenhaver, Spokane, WA, whose prize money topped the \$34,000 mark in '75, was the season's top calf roper.

Top money winners in all events are included in the Salinas field of 470 professional cowboys and 52 girl barrel-racers. James Caan, the television and film star, has entered the team roping event. Caan starred in "The Godfather" and a number of television shows. Caan will team with Walt Scott of Sylmar.
